# IRPINIA AGLIANICO

## BABY TAURASI

Designed for the appreciation of its prompt characteristics, Irpinia Aglianico is a striking expression of the Aglianico grape. Embracing all the soft and juicy flavours of the Taurasi, Irpinia is the less powerful, easy drinking little brother of the Taurasi – hence the nick name “baby Taurasi”. Irpinia is there to enjoy at any occasion, time, and day.

This baby Taurasi delivers pleasantly intense flavours of soft plum jam, a deliciously long finish and a hint of spice
